Special Needs Swimming Program At Naracoorte South Primary School

Here at Naracoorte South, with the help of a local indoor swimming centre, we are able to provide our special needs students with access to a year round swimming program.

DECS funds and provides a learning program specifically designed for students with disabilities.

Our students are able to participate in weekly ½ hour, sessions with 1:1 support from qualified swimming instructors and volunteers.

The aims of our swimming program are to ........

- develop confidence in the water,
- develop water safety and survival skills,
- develop basic swimming techniques,
- develop endurance, strength, gross motor skills and fitness,
- develop social skills - listening to others, following instructions, sharing, getting along with others.
- most importantly - to have FUN!!!
